OHA - OFFICE HEINZELMANN AYADI

NUCLEAR LOVE

NUCLEAR LOVE is a monolithic light sculpture, which combines atmospheric light with targeted downlighting. The light tubes are clamped between two cylindrical bodies, with four integrated spots in the lower end. Tubes and spots can be controlled and dimmed independently of each other.

OHA-OFFICE HEINZELMANN AYADI

OHA is a Munich-based design studio founded by Sami Ayadi and Jan Heinzelmann. Their work ranges from classic product and furniture design to exhibition design, interior architecture, installation, and gallery work. Their design approach is characterized by a strong interest in contemporary design culture, combined with a strong knowledge of craftsmanship and a passion for new technologies and materials. In collaboration with Holzrausch, OHA has created various projects, including the worldwide LEICA Flagship Stores and the patented J*GAST system.
