OHA - OFFICE HEINZELMANN AYADI

CLASSICO COLLECTION

The CLASSICO luminaire was initially created for Casa Morelli in Tuscany. Handcrafted, the basic form of the luminaire family consists of bowls and spots. Made of aluminum, copper or brass, they function as a single light object, but can also be combined to form expansive light installations.

OHA-OFFICE HEINZELMANN AYADI

OHA is a Munich-based design studio founded by Sami Ayadi and Jan Heinzelmann. Their work ranges from classic product and furniture design to exhibition design, interior architecture, installation, and gallery work. Their design approach is characterized by a strong interest in contemporary design culture, combined with a strong knowledge of craftsmanship and a passion for new technologies and materials. In collaboration with Holzrausch, OHA has created various projects, including the worldwide LEICA Flagship Stores and the patented J*GAST system.
